## MEDIA RELEASE

09/28/11

Residents and businesses with cell, unlisted, and listed without address telephone numbers are encouraged to add their numbers to Dane County Emergency Management's Reverse 911 database.

Reverse 911 allows the 911 Center to deliver an emergency information message to phones in affected neighborhoods.

The telephone number database contains only the numbers and addresses listed in the White Pages for Dane County. As a result, cell phone, unlisted, and listed without address phone numbers must be added to the database to be included. Dane County has provided a link for residents and businesses to register their cell, unlisted or listed without address phone numbers with an on-line [Reverse 911 signup form](#). You can sign up for email alerts on the same form.

More information about Dane County's Emergency Warning System can be found on-line at [www.CountyofDane.com/Emergency](http://www.CountyofDane.com/Emergency); [Emergency Warning System](#) or follow the link at [www.MiddletonPD.com](http://www.MiddletonPD.com), where you can also sign up for Middleton traffic, business, crime, and emergency emails and wireless [alerts](#).
